

## **LA Charities Golf Tournament in support of Spinal Cord Injury of Saskatchewan**

**SATURDAY September 14<sup>th</sup> 2019 at the  
Harbor Golf Club, Elbow SK**

We are pleased to announce that the 3<sup>rd</sup> Annual LA Charities in support of Spinal Cord Injury Saskatchewan will be held on Saturday September 14<sup>th</sup> 2019 at the Harbour Golf Club and Resort in Elbow, SK. We hope to build on the past two years and once again create a fun-filled day for a great cause. In order to do so, we are counting on sponsors, such as yourself, to help make this golf tournament a success. Raffle Prize and Team Prize Sponsors are needed as well - these items help raise additional funds for the chosen charity, Spinal Cord Injury Saskatchewan.

We are excited to host this event which will benefit individuals with spinal cord injuries and other physical disabilities the resources and support needed to achieve independence, self-reliance and full community participation. Specifically, the proceeds from the tournament will be directed towards the Scholarship program which allocates funds each year to individuals with spinal cord injuries and other physical disabilities who wish to pursue educational goals. Successful candidates have shown dedication to their educational training and have become active leaders within their communities.

The SCI Saskatchewan Scholarship program benefits people with spinal cord injuries and other physical disabilities to pursue education goals that will lead to employment opportunities in the future; encouraging self-reliance and full community participation. It will provide people with spinal cord injuries and other physical disabilities the opportunity to explore other avenues of education or employment training options that they would otherwise have difficulty affording.

Since 1983, the program has provided \$320,000 to over 150 individuals furthering their education in Saskatchewan. LA Charities financial support of this program will have an enormous impact on the lives of individuals with disabilities in the pursuit of their academic dreams.
